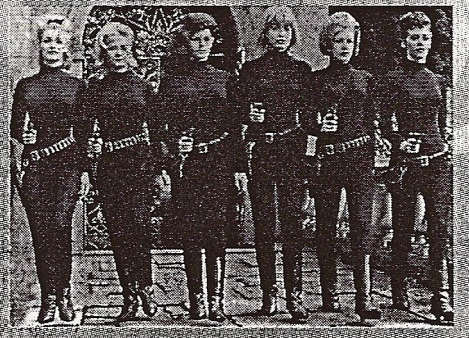
## It's The Way They Hold Their Fags



Andrea Weiss and the late Stuart Marshall dug deep into the closet of British TV and film archives to make A Bit Of Scarlet. Linked together with a comic, ironic script voiced by Ian McKellen, the film intercuts an extraordinary range of clips to create a post-modern queer soap from classic screen camp, both latent and screamingly visible. From Sister George to Scrubbers, Sherlock Holmes to Central Office Of Information films and Victim to the Carry Ons (see pic). From Fri 20 Jun, Everyman Cinema, Hollybush Vale, Hampstead, NW3 0171-435-1525.
